SUPPORTING NATIONAL FEDERATIONS AND TOP ATHLETES

Since 1973, arena has prioritized strong connections with the most important swimming and watersports federations around the world, providing support from the grassroots level to the Olympics and Paralympics.

National Federations play a critical and active role in the development of both amateur and elite watersports.

We share their goal to grow watersports, increasing inclusivity and diversity and using sport as a driver for social wellbeing. We share their commitment to make the water accessible for people to relax, train and compete.

At the heart of the arena brand are its athletes, who are both key collaborators in the product development cycle and important ambassadors for the brand, upholding its values and expressing its authenticity.

Since Mark Spitz first teamed up with Horst Dassler in 1973, arena's progression to the top of its field has been accomplished in partnership with world class swimmers. Their voices are not only emblematic of the brand's emphasis on quality, they're also an inspiration for many, from the amateur who goes to the pool to stay fit and lead a healthy lifestyle, to those that mount the Olympic podium, and importantly also the backroom staff who have helped craft and live the entity that arena has proudly become.

With its legendary sponsored team, arena is seriously chasing Olympic Gold in Paris continuing to rely on the brand's emblematic Ambassadors such as Sarah Sjöström, Gregorio Paltrinieri, Florent Manaudou, Chad Le Clos, Cate Campbell, Florian Wellbrock, Kristof Milak and Bruno Fratus. Through the collaborations with Lydia Jacobi, David Popovici (both born in 2004), Kyle Chalmers, Louise Hansson, Thomas Ceccon, Nicolò Martinenghi and Noè Ponti, arena will be under the spotlight in Paris, while also generating renewed interest in the main events that precede it. This mix of experience and freshness allows the brand to consolidate its innovation, its authenticity and its passion through the young athletes who are helping arena to continue advancing day after day. Thanks to its magnificent athletes, over the next few years arena will be challenging for podium finishes at swimming's most important international events.

CSR MANIFESTO

BUILDING A BETTER FUTURE TOGETHER

At arena we recognize that everything we do has an impact on the planet we live on, as well as its people.

We strive to help create a future that continues to allow everyone to enjoy swimming and water sports in a healthy environment.

That's why we're committed to having a positive impact on you, the environment and our communities, inspired by our passion for sports and life in and by the water, our most abundant natural element.

As a leader in the sports realm our commitment to 'responsibility' represents the conscious and effortful way in which we plan to measure our footprint and invest in our planet.

arena's products are designed to help and inspire people to be active and to move towards the best version of themselves by being healthier and connected to nature.

As part of that philosophy, quality and durability are key considerations in our design process in order to guarantee that our products are long-lasting and don't need to be replaced frequently, thus reducing waste.

We choose partners who share our values and, like us, invest in both the planet and its people.

We care about the well-being and rights of employees working in the manufacture of arena's products and are committed to being transparent about our partners and policies.

We support local communities and promote water-sports through sponsorship and collaboration with national sports federations, sports teams, and international governing bodies.

We are an equal-opportunity employer and value diversity ensuring equal treatment for all our employees across the globe.

The arena brand was born in water, and for over 50 years has thrived in its element.

We've learned that to do so requires courage, responsibility, and action, and we remain resolute in our desire to give everyone the opportunity of living their deep connection with water: that feeling of freedom and peace, joy and profundity we all experience in and by the water.

RESPONSIBLE PRODUCT

To design and manufacture all products in a progressively more environmentally conscious way is a key step in the commitment we have taken.

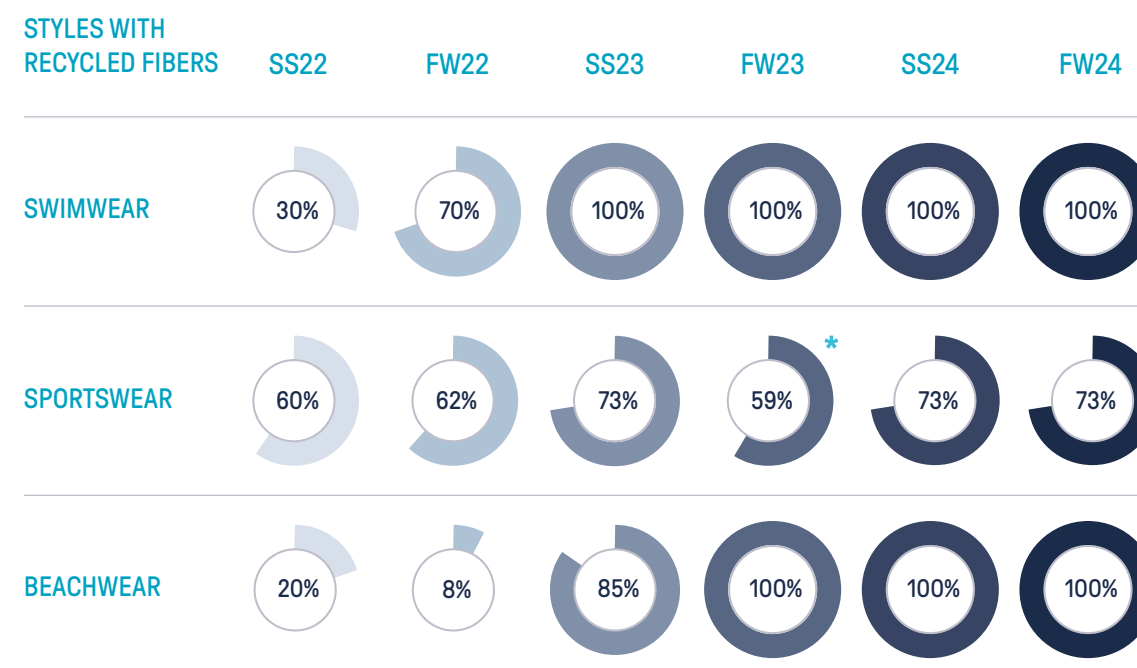

We are constantly working to develop more sustainable garments and accessories to reduce our environmental impact, while still guaranteeing the same distinctive performance, protection, style, comfort and fit that sets arena apart. This commitment led us to launch in the market the first FI-NA-approved racing suit made with recycled yarns, Powerskin ST NEXT.

According to recognized international certifications, these sustainable fabric sources include PET plastic bottles and industrial waste such as yarn and chip waste.

By working with recycled PET, nylon, silicone and polycarbonate, we are reducing the use of plastic and petroleum-based resources without sacrificing the benefits and characteristics of the fabrics.

RESPONSIBLE TEXTILE PRODUCTS OVERVIEW BY SEASON

Percentages were calculated on the basis of the total number of styles with recycled yarn per season.

* (FW23 vs FW22) In FW23 Sportswear collection has been optimized therefore the % of recycled styles were lower due to a decrease of total n. of styles.

RESPONSIBLE PACKAGING

The mark of responsible forestry

All the elements necessary in the delivery of products to the consumer have an impact on the environment. To reduce this impact, we are now using sustainable materials for our packaging (hangtags, pouches, polybags, boxes, etc.).

FSC® certified cardboard is our choice for most packaging made of paper, and for the vast majority of plastic packaging, we use recycled plastic.

The FSC logo on our packaging

ensures that it has been made in compliance with rigorous environmental, social and economic standards, which aim to protect the world's forests and ecosystems that depend on them and respect local communities and the rights of workers.

This choice supports the mission of the Forest Stewardship Council®, an international NGO that has been promoting responsible forest management for over 25 years.

HERO AND MARKETING STYLES

	HERO STYLES	MARKETING STYLES
	BRAND DRIVERS are the arena must-have of the season; featured in major campaigns, both online and offline. No junior styles included.	BUSINESS DRIVERS are the arena styles or seasonal colourways with a strong commercial potential. Some selected junior styles included.

PRODUCTS BENEFITS

The advanced single piece design used in the new ONE training suit makes the swimmer feel at one with the water delivering the following benefits:

FREEDOM OF MOVEMENT

The absence of side seams produces even stretch throughout the suit for a supremely comfortable fit that feels like a second skin, giving the swimmer the sensation of no constraints in the water.

LIGHTNESS

The suit's one-piece construction reduces overall water absorption, thus creating less drag and making the swimmer feel lighter in the water.

EXTREME DURABILITY

The lack of side seams dramatically reduces stress on the suit.

ARENA ONE - BACKS

FREE BACKS

FEATURES

Wide back opening combined with thin and wide straps.

BENEFITS

Maximum freedom of shoulder movement and reduced drag for improved glide.

TECH ONE

- open back
- supportive straps
- medium cut

DOUBLE CROSS ONE

- open back

BEACHWEAR

Since 1973 arena's dna has been forged in water, delivering innovation and style in water sports. Our long expertise of performance, comfort, fit is now instilled in a leading-edge range of beachwear dedicated to everybody with a magnetic connection with water. **Inspired by performance, designed to fit.**

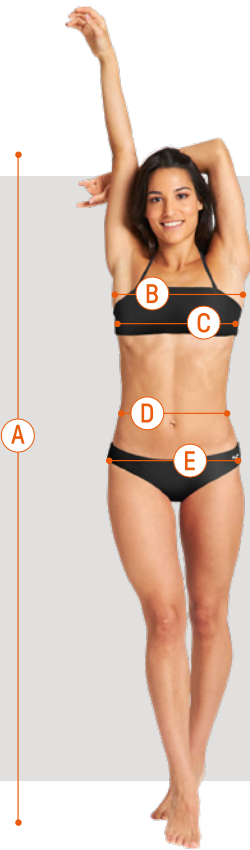

FABRICS

arena is constantly striving to increase use of recycled polyester and recycled polyamide; more sustainable options made from preconsumer materials and post-consumer waste such as plastic (PET) bottles and produced adopting a circular economy approach that helps save energy, reduce CO2 emissions and minimize water usage during the process.

CONCEPT AND FABRICS

DESIGNED FOR MOVEMENT SPORTY FIT, IN AND OUT OF THE WATER

- Product lines: Sport Heritage and Water Prints
- Key Features: made for the sun, dries quickly even in the shade. Lightweight fabric. The anti-chafing inner mesh brief ensures comfort and freedom of movement.
- Design codes: sports-inspired styles that celebrate the arena DNA, revisiting the most distinctive design traits of the brand's legacy and styles with vibrant prints and modern patterns, that celebrate our natural connection to water.
- Fabrics: made with recycled fabrics (100% polyester / 100% polyamide / 92% Polyester – 8% elastane / 100% Knitted polyester). Our recycled fabrics are obtained from pre and post-industrial wastes, reducing CO2 emissions and minimizing plastic waste and water usage in the process.

COMFORTABLE FUNCTIONALITY EVERY DETAIL COUNTS

- Product line: Performance Selection
- Key Features: quick-drying shell for all-day comfort. Extremely lightweight 4-way stretch fabric, ensuring maximum freedom of movement and superior comfort. Supportive and comfortable inner mesh brief. Side vents for extra freedom of movement, perforations for quick water drainage, practical mesh coin pocket and smart lock-lace drawcord.
- Design code: minimalistic design meets functionality. Inspired by arena's expertise in sports performance, the range is designed to ensure the best beach experience in and by the water.
- Fabrics: made with recycled polyester 4-way stretch (92% recycled polyester – 8% elastane). Our recycled fabrics are obtained from pre and post-industrial wastes, reducing CO2 emissions and minimizing plastic waste and water usage in the process.

SPORTSWEAR

A modern range of essential and multipurpose garments designed for swimmers to complete their training out of the pool.

FABRICS

- **100% RECYCLED POLYESTER**
- **83% RECYCLED POLYESTER + 17% ELASTANE**

MaxDry Eco is the sustainable evolution of arena's exclusive technology for moisture management that aids uni-directional sweat wicking: the inner side instantly absorbs moisture and pushes it to the outer surface for fast evaporation, delivering comfort and a dry feeling.

Made with recycled polyester obtained from PET bottles, MaxDry Eco also guarantees reduced energy consumption, CO2 emissions and water usage during the manufacturing process.

- **89% POLYESTER + 11% ELASTANE**

Unique channel structure created for superior moisture management. The signature inner linings instantly absorb moisture and push through the channels to the surface layer for fast evaporation. Unique vertical moisture transport channels facilitate uni-directional sweat wicking.

MADE IN GREEN

MADE IN GREEN is a traceable product certification for all kinds of textiles products that have been manufactured in environmentally friendly facilities under safe and socially responsible working conditions.

The **MADE IN GREEN** certification also reassures consumers that the textile product is made of materials that have been tested for harmful substances.

BRA FABRICS

- **BREATHABLE SUPPORT**
Also for bras, arena has selected a light, breathable fabric which has the handy benefit of drying quickly during training sessions.

- **68% POLYAMIDE - 32% ELASTANE**
Sensitive® FIT fabric reshapes and models lines and profiles, giving flawless wearability and performance every time.
Figures become pristine and discreet, refined and slender thanks to the significant percentage of high stretch memory LYCRA® (32%).
It provides excellent performance in terms of chlorine resistance, quick drying, breathability and UV protection.

SILICONE FLOCK TECHNOLOGY

- Silicone application to naturally enhance the shaping effect. It guarantees variable control zones and lightness for extreme comfort.

CHOOSING THE RIGHT BRA

The right level of support is fundamental to let every woman practice her favorite activity in a comfortable and healthy way, therefore improving her performance too.
arena bras are designed and engineered to carefully guarantee the proper level of hold according to the specific needs of a woman:

HIGH SUPPORT

The high support bras are engineered with encapsulated molded cups for a separate support providing excellent control of vertical, horizontal and lateral movements.
Some styles feature adjustable straps and back or front closure systems for customized fit.
In some styles C and D cups are offered.
These bras are suggested for high impact sports such as running, aerobics, Crossfit, dance, tennis, boxing, and horseback riding.

MEDIUM SUPPORT

Specific front construction to control the side to side as well as the up and down movements. Wider straps to reduce the stress on the shoulders and broad elastic that sits on chest bone to provide a firm hold.
In some styles C and D cups are offered and removable pads too.
Ideal for medium impact activities such as strength training, cycling, and skiing.

SOFT SUPPORT

These bras are characterized by a light construction in terms of fabrics and straps. These provide a good hold thanks to the comfortable under bust elastic and proper coverage.
They are recommended for low impact activities such as yoga, pilates, walking, golf.

FABRICS

- 100% RECYCLED POLYESTER
- 83% RECYCLED POLYESTER + 17% ELASTANE

MaxDry Eco is the sustainable evolution of arena's exclusive technology for moisture management that aids uni-directional sweat wicking: the inner side instantly absorbs moisture and pushes it to the outer surface for fast evaporation, delivering comfort and a dry feeling.

Made with recycled polyester obtained from PET bottles, MaxDry Eco also guarantees reduced energy consumption, CO2 emissions and water usage during the manufacturing process.

MADE IN GREEN

MADE IN GREEN is a traceable product certification for all kinds of textiles products that have been manufactured in environmentally friendly facilities under safe and socially responsible working conditions.

The **MADE IN GREEN** certification also reassures consumers that the textile product is made of materials that have been tested for harmful substances.

A full-page background image showing a swimmer from a high angle, using a kickboard with a geometric pattern. The swimmer is wearing a blue swim cap and goggles, and is in a pool with lane lines. The water is clear and blue.

EQUIPMENT

Everything swimmers need in and by the water, to get the best of their water experience.

GOGGLES FEATURES

All arena goggles have UV protection and adapt perfectly to most facial profiles, avoiding any water leakage. A perfect fit also allows no humidity, protecting the lenses from fog.

1 LENS

HARD

High-performance lenses made from polycarbonate, which is durable and impact-resistant with superior optical clarity.

MIRRORED

Extra shading against light for outdoor swimming, frequent use in well-lit pools and in competitions.

SUPER ANTI FOG

The most advanced coating treatment. Lasts longer, thanks to an invisible layer that washes away vapor generated from sweat, moisture and water.

SWIPE ANTI FOG

Revolutionary anti-fog protection that lasts 10 times longer and can be re-activated by swiping the lenses with your fingers.

LENS TINTS

CLEAR

MEDIUM

DARK

CLEAR: These goggles with clear lenses are ideal for low-light environments and for those who prefer maximum brightness while swimming.

MEDIUM: These goggles with medium-dark lenses are suitable for all uses and variable or intermediate light levels.

DARK: These goggles with dark lenses are good for swimming in brightly lit environments or for those who prefer maximum light shielding.

2 SEALS

SOFT SILICONE

Seals made of hypoallergenic silicone for great softness, resilience, and comfort.

JAPANESE RUBBER

Soft TPR layer moulded over the lens on goggles without gaskets.

LIQUID CORE TECHNOLOGY

Liquid silicone offers the ultimate goggle comfort, fit, durability and elasticity.

AIR SEALS

Adaptive cushioning that are designed to compress and distribute the pressure only where needed, delivering a super light feeling.

4 STRAP

SINGLE

Simple, intuitive strap for classic comfort.

DUAL

Facilitates optimum fit through ability to apply tension on different areas of the head.

SPLIT

Combines simplicity and flexibility for a snug, comfortable fit.

3 NOSE BRIDGE

INTERCHANGEABLE

Three options available, with 3, 4, or 5 different levels for a custom fit and best possible comfort.

SELF ADJUSTING

Adaptable nose bridge that conforms to the shape of the face while wearing it.

ADJUSTABLE

Nose bridge that can be regulated on two different levels according to individual need.

HIGH

Located higher up on the frame to provide additional room for the nose or accommodate those with atypical facial profiles.

5 FIT

SMALL

Different density on frame and seal materials offer superior fit and comfort.

MEDIUM

Seals made of hypoallergenic silicone for maximum softness, resilience, and comfort.

LARGE

Soft TPR layer moulded over the lens on goggles without gaskets.

GOGGLES

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing goggles combine innovative materials and a hydrodynamic profile that reduces drag and enhances vision, while delivering comfort and durability.

FITNESS

arena goggles are designed to protect your eyes, ensure the best visibility and deliver maximum comfort in the water, as if you were looking with your own eyes.

CONSUMER TARGET

TRIATHLETES

As triathletes prioritize protection from hits and wide vision, some goggles are more adapt than others for triathlon. Both goggles for competitive and fitness swimmers can meet triathletes needs nevertheless.

UNISEX ADULT

Goggles designed for all adults, thanks to their adaptable fit.

WOMAN

Goggles specifically tailored for ladies, providing a smaller fit, feminine colours and a more gentle touch on the skin.

JUNIOR

Goggles tailored for 6-12 year old swimmers, provided with a gasket design that suits smaller eye-sockets.

KIDS

Goggles suited for 2-5 year old swimmers, prioritizing safety, ease of use and comfort.

LOOK FORWARD, LOOK FAST, LOOK SHARP

Cobra goggles are the most advanced performance goggles for competitive swimmers on the market. The family is now enriched by the new Cobra Edge: superior hydrodynamic design, unprecedented side and upward vision, increased eyelash space and improved nose bridge and gasket fit for a better comfort: the state-of-the-art goggle, equipped with Cobra family's unparalleled anti-fog technology: Swipe. Also in the family: Cobra Ultra, with its sleek hydrodynamic construction and Cobra Core, mostly known for their comfort, both share frame-integrated lenses, reducing drag to the extreme. At the same time, both Cobra Ultra and Cobra Original present an ingenious extended frame for extra stability when on. Besides, Cobra goggles are enviously cool: their aggressive look gives swimmers an edge over their rivals.

FSC PAPER MIX

YOU WON'T EVEN KNOW THEY'RE ON

How goggles feel on your face can be a real game-changer for both fitness and competitive swimmers. Our Air goggles prioritize lightness and comfort with gaskets that reduce pressure on the eye socket and the pain caused by suction on sensitive areas. The special honeycomb texture of the Air Seals ensures they sit softly on the face but are also watertight. Moreover, all Air Bold goggles are equipped with the most advanced anti-fog technology: Swipe.

FSC PAPER MIX

ONE FOR ALL. THE ONE FOR YOU

The One goggles look cool on any face with their distinctive design. We studied facial anatomy to create Orbit Proof seals that avoid areas compromising suction. The result is an amazingly watertight goggle that adapts to almost every face.

FSC PAPER MIX

YOUR EYES' BEST FRIEND IN THE WATER

Spider goggles are the perfect choice for swimmers who want a practical and compact solution. Made for recreational and fitness swimming, their simplicity is what makes them so good. All Spider goggles have a silicone strap with a single clip for easy adjustment, even for kids. The self-adjusting nose bridge adapts intuitively to your facial structure.

FSC PAPER MIX

ARENA ESSENTIALS

A collection of classic goggles with basic features, designed to deliver great value for money and guaranteed by the quality of the arena brand.

CAP

Silicone 100%

13 x 23,7 x 5 cm

070 blue-clear blue-white

092 fuchsia-clear fuchsia-white

CAPS FEATURES

WRINKLE FREE

3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

PVC FREE

No PVC (polyvinyl chloride) plastic has been used.

WATER REPELLENT

The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.

EXTRA COMFORT

The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

EASY TO WEAR

The design and the materials used in these caps make them especially easy to put on.

SUITED FOR LONG HAIR

The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

SMART CAP

Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.

CAPS

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing caps are the benchmark for water drag reduction and high-level hydrodynamics.

FITNESS

High quality caps coming with a design language delivering bright colours, eye-catching graphics and innovative materials for who wants to stand out from the crowd or simple and geometric lines combined with essential materials for the sports purists.

005371 - AQUAFORCE WAVE CAP

The next level go-to-racing cap.
FEATURES
Wave structure design to reduce water drag profile by 27%.
Inner anti-slip design to prevent the cap from slipping off.

DESIGN OVERVIEW

SPORTY

A selection of bags inspired by athletes and designed with a strong sporty feeling.

DESIGNED FOR:

swimmers and sports lovers that train intensively and need versatile gear

CASUAL

The core collection, modern, versatile and essential, featuring all the bags in the range.

DESIGNED FOR:

People with an active mindset and lifestyle. Not just swimmers, but any person that loves sports and travelling.

ECLECTIC

Backpacks and shoulder bags with colourful and original prints.

DESIGNED FOR:

Young swimmers and students that love to stand out and be unique.

BAGS FEATURES

SPACE MANAGEMENT

Fast bags are studied to simplify storage, access and separation of wet, dry, and other fragile items.

SPECIAL ZIP

The world's leading zip brand, acknowledged leaders in quality, reliability, and comfort.

FREE SWIMBAG INSIDE

Free Swimbag included in the bag to store your wet garments and to carry your gear to the pool.

REINFORCED BOTTOM

The strong reinforced bottom of the bag protects stored contents from wet floors. Allows the bag to stay up, without falling back on itself

WATER REPELLENT

Waterproof compartments in individual bags also allow for the storage of wet gear without leaking and affecting items stored in other compartments.

CARABINER HOOK

Provides security and convenience when hanging the bag and opening it up to access its contents.

TRIATHLETES

Bags that are specifically tailored and suited for triathlon, with specific compartments to find different gear at a glance.

BAGS

A comprehensive collection of functional and contemporary backpacks, duffels and travel bags, designed for all sports enthusiasts.

005295 - FASTPACK 3.0

Smart Space Management allows you to easily access and store your stuff. 40L capacity, can fit gear like a kickboard in the roomy back section or up to two pairs of shoes in the bottom compartment.

FOOTWEAR

SANDALS

Hypoallergenic sandals that stands out from the crowd for their signature and essential lines are provided with the best materials.

POOL: designed for the pool, with distinctive features tailored for water management: drainage holes (letting water flow out of the insole to keep it dry).

MULTISPORT: made with comfort in mind, they inherit arena's expertise with water management but translate it into a more versatile approach.

LIVING: following and anticipating today's trends, they bring their sporty DNA into leisure environments.

WATERSHOES

Basic lines combined with highly quality materials deliver a classic style and a reliable performance.

FOOTWEAR FEATURES

DRAINAGE HOLES

Holes are placed in the sandal's footbed to expel water, allowing the sandals to dry quickly and remain comfy.

MASSAGE EFFECT

The "picot" footbed stimulates the sole with its embossed design.

EASY TO WEAR

The construction and the materials used in these sandals make them especially easy to put on.

QUICK DRYING

The material doesn't absorb water and dries quickly.

ULTRA LIGHT

The use of EVA in soles makes the sandals extremely lightweight.

EXTRA CUSHIONING

Materials and construction of the footbed yields superior softness and cushioning.
