SUPPORTING NATIONAL FEDERATIONS AND TOP ATHLETES

Since 1973, arena has prioritized strong connections with the most important swimming and watersports federations around the world, providing support from the grassroots level to the Olympics and Paralympics.

National Federations play a critical and active role in the development of both amateur and elite watersports.

We share their goal to grow watersports, increasing inclusivity and diversity and using sport as a driver for social wellbeing. We share their commitment to make the water accessible for people to relax, train and compete.

At the heart of the arena brand are its athletes, who are both key collaborators in the product development cycle and important ambassadors for the brand, upholding its values and expressing its authenticity.

Since Mark Spitz first teamed up with Horst Dassler in 1973, arena's progression to the top of its field has been accomplished in partnership with world class swimmers. Their voices are not only emblematic of the brand's emphasis on quality, they're also an inspiration for many, from the amateur who goes to the pool to stay fit and lead a healthy lifestyle, to those that mount the Olympic podium, and importantly also the backroom staff who have helped craft and live the entity that arena has proudly become.

Following the outstanding performance of its legendary team at the recent Olympic Games in Paris, arena has captured widespread attention, amplifying the excitement and anticipation for the upcoming international and national swimming events. This mix of experience and freshness allows the brand to consolidate its innovation, its authenticity and its passion through the young athletes who are helping arena to continue advancing day after day. Thanks to its magnificent athletes, over the next few years arena will be challenging for podium finishes at swimming's most important international events.

Meet our elite team: <https://about.arenasport.com/en/athletes/>

CSR MANIFESTO

BUILDING A BETTER FUTURE TOGETHER

At arena we recognize that everything we do has an impact on the planet we live on, as well as its people.

We strive to help create a future that continues to allow everyone to enjoy swimming and water sports in a healthy environment.

That's why we're committed to having a positive impact on you, the environment and our communities, inspired by our passion for sports and life in and by the water, our most abundant natural element.

As a leader in the sports realm our commitment to 'responsibility' represents the conscious and effortful way in which we plan to measure our footprint and invest in our planet.

arena's products are designed to help and inspire people to be active and to move towards the best version of themselves by being healthier and connected to nature.

As part of that philosophy, quality and durability are key considerations in our design process in order to guarantee that our products are long-lasting and don't need to be replaced frequently, thus reducing waste.

We choose partners who share our values and, like us, invest in both the planet and its people.

We care about the well-being and rights of employees working in the manufacture of arena's products and are committed to being transparent about our partners and policies.

We support local communities and promote water-sports through sponsorship and collaboration with national sports federations, sports teams, and international governing bodies.

We are an equal-opportunity employer and value diversity ensuring equal treatment for all our employees across the globe.

The arena brand was born in water, and for over 50 years has thrived in its element.

We've learned that to do so requires courage, responsibility, and action, and we remain resolute in our desire to give everyone the opportunity of living their deep connection with water: that feeling of freedom and peace, joy and profundity we all experience in and by the water.

RESPONSIBLE PRODUCT

To design and manufacture all products in a progressively more environmentally conscious way is a key step in the commitment we have taken.

We are constantly working to develop more sustainable garments and accessories to reduce our environmental impact, while still guaranteeing the same distinctive performance, protection, style, comfort and fit that sets arena apart. According to recognized international certifications, these sustainable fabric sources include PET plastic bottles and

industrial waste such as yarn and chip waste.

By working with recycled PET, nylon, silicone and polycarbonate, we are reducing the use of plastic and petroleum-based resources without sacrificing the benefits and characteristics of the fabrics.

Starting with SS22 we have steadily increased the number of styles with responsible features, such as recycled yarn, organic fibers, and OEKO-TEX® MADE IN GREEN certification.

IN THE TOTAL FW25 COLLECTION OF SWIMWEAR AND SPORTSWEAR, WE ARE PROUD TO SHOW THAT 96% ARE STYLES WITH RESPONSIBLE FEATURES.

FOR EACH TEXTILE CATEGORY, THE SITUATION IS AS FOLLOWS:

RESPONSIBLE PACKAGING

All the elements necessary in the delivery of products to the consumer have an impact on the environment. To reduce this impact, we are now using sustainable materials for our packaging (hangtags, pouches, polybags, boxes, etc.).

FSC® certified cardboard is our choice for most packaging made of paper, and for the vast majority of plastic packaging, we use recycled plastic.

The FSC logo on our packaging ensures that it has been made in compliance with rigorous environmental, social and economic

standards, which aim to protect the world's forests and ecosystems that depend on them and respect local communities and the rights of workers.

This choice supports the mission of the Forest Stewardship Council®, an international NGO that has been promoting responsible forest management for over 25 years.

Swimwear pool and sportswear hangtags introduced in FW25 were reduced in size by 15 per cent, with good savings in raw material.

The mark of responsible forestry

HERO AND MARKETED STYLES

HERO STYLES

BRAND DRIVERS

are the arena must-have of the season; featured in major campaigns, both online and offline. No junior styles included.

MARKETED STYLES

BUSINESS DRIVERS

are the arena styles or seasonal colourways with a strong commercial potential. Some selected junior styles included.

PRODUCTS BENEFITS

The advanced single piece design used in the new ONE training suit makes the swimmer feel at one with the water delivering the following benefits:

FREEDOM OF MOVEMENT

The absence of side seams produces even stretch throughout the suit for a supremely comfortable fit that feels like a second skin, giving the swimmer the sensation of no constraints in the water.

LIGHTNESS

The suit's one-piece construction reduces overall water absorption, thus creating less drag and making the swimmer feel lighter in the water.

EXTREME DURABILITY

The lack of side seams dramatically reduces stress on the suit.

ARENA ONE - BACKS

MAN ARENA FEEL

Comfortable and quick-drying swimsuits that fit like a second skin and you can wear wherever you swim.

FABRICS

- Flexible and easy to wear, for the best fit and freedom of movement.
- 80% recycled polyamide + 20% elastane.
- Obtained from industrial and yarn waste.
- Quick-drying and resistant to pilling and abrasion.
- 50+ UV protection.

REPREVE FIBER

- Long-lasting and comfortable.
- 82% recycled polyester - 18% elastane.
- Obtained from PET Bottles, reducing CO2 emissions and minimizing water usage in the process.
- Chlorine-resistant.
- 50+ UV protection.

dark grey-pink

A full-page photograph of a muscular man standing on dark, jagged volcanic rocks. He is shirtless, wearing blue athletic shorts, and is barefoot. He is looking off to the side with a serious expression. The background shows a cloudy sky and more of the rocky terrain.

BEACHWEAR

Since 1973 arena's dna has been forged in water, delivering innovation and style in water sports. Our long expertise of performance, comfort, fit is now instilled in a leading-edge range of beachwear dedicated to everybody with a magnetic connection with water.
Inspired by performance.

FABRICS

arena is constantly striving to increase use of recycled polyester and recycled polyamide; more sustainable options made from preconsumer materials and post-consumer waste such as plastic (PET) bottles and produced adopting a circular economy approach that helps save energy, reduce CO2 emissions and minimize water usage during the process.

EQUIPMENT

Everything swimmers need in and by the water, to get the best of their water experience.

GOGGLES

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing goggles combine innovative materials and a hydrodynamic profile that reduces drag and enhances vision, while delivering comfort and durability.

FITNESS

arena goggles are designed to protect your eyes, ensure the best visibility and deliver maximum comfort in the water, as if you were looking with your own eyes.

GOGGLES FEATURES

All arena goggles have UV protection and adapt perfectly to most facial profiles, avoiding any water leakage. A perfect fit also allows no humidity, protecting the lenses from fog.

1
LENS

- HARD**
High-performance lenses made from polycarbonate, which is durable and impact-resistant with superior optical clarity.
- MIRRORED**
Extra shading against light for outdoor swimming, frequent use in well-lit pools and in competitions.
- SUPER ANTI FOG**
The most advanced coating treatment. Lasts longer, thanks to an invisible layer that washes away vapor generated from sweat, moisture and water.
- SWIPE ANTI FOG**
Revolutionary anti-fog protection that lasts 10 times longer and can be re-activated by swiping the lenses with your fingers.

LENS TINTS

- CLEAR:** These goggles with clear lenses are ideal for low-light environments and for those who prefer maximum brightness while swimming.
- MEDIUM:** These goggles with medium-dark lenses are suitable for all uses and variable or intermediate light levels.
- DARK:** These goggles with dark lenses are good for swimming in brightly lit environments or for those who prefer maximum light shielding.

2
SEALS

- SOFT SILICONE**
Seals made of hypoallergenic silicone for great softness, resilience, and comfort.
- JAPANESE RUBBER**
Soft TPR layer moulded over the lens on goggles without gaskets.
- LIQUID CORE TECHNOLOGY**
Liquid silicone offers the ultimate goggle comfort, fit, durability and elasticity.
- AIR SEALS**
Adaptive cushioning that are designed to compress and distribute the pressure only where needed, delivering a super light feeling.

4
STRAP

- SINGLE**
Simple, intuitive strap for classic comfort.
- DUAL**
Facilitates optimum fit through ability to apply tension on different areas of the head.
- SPLIT**
Combines simplicity and flexibility for a snug, comfortable fit.

3
NOSE BRIDGE

- INTERCHANGEABLE**
Three options available, with 3, 4, or 5 different levels for a custom fit and best possible comfort.
- SELF ADJUSTING**
Adaptable nose bridge that conforms to the shape of the face while wearing it.
- ADJUSTABLE**
Nose bridge that can be regulated on two different levels according to individual need.
- HIGH**
Located higher up on the frame to provide additional room for the nose or accommodate those with atypical facial profiles.

5
FIT

- SMALL**
Different density on frame and seal materials offer superior fit and comfort.
- MEDIUM**
Seals made of hypoallergenic silicone for maximum softness, resilience, and comfort.
- LARGE**
Soft TPR layer moulded over the lens on goggles without gaskets.

CONSUMER TARGET

TRIATHLETES

As triathletes prioritize protection from hits and wide vision, some goggles are more adapt than others for triathlon. Both goggles for competitive and fitness swimmers can meet triathletes needs nevertheless.

UNISEX ADULT

Goggles designed for all adults, thanks to their adaptable fit.

WOMAN

Goggles specifically tailored for ladies, providing a smaller fit, feminine colours and a more gentle touch on the skin.

JUNIOR

Goggles tailored for 6-12 year old swimmers, provided with a gasket design that suits smaller eye-sockets.

KIDS

Goggles suited for 2-5 year old swimmers, prioritizing safety, ease of use and comfort.

COBRA

BEST TECHNOLOGY. HIGHEST PERFORMANCE.

Cobra goggles are the most advanced performance goggles for competitive swimmers on the market. The family is now enriched by the new Cobra Edge: superior hydrodynamic design, unprecedented side and upward vision, increased eyelash space and improved nose bridge and gasket fit for a better comfort: the state-of-the-art goggle, equipped with Cobra family's unparalleled anti-fog technology: Swipe. Also in the family: Cobra Ultra, with its sleek hydrodynamic construction and Cobra Core, mostly known for their comfort, both share frame-integrated lenses, reducing drag to the extreme. At the same time, both Cobra Ultra and Cobra Original present an ingenious extended frame for extra stability when on. Besides, Cobra goggles are enviously cool: their aggressive look gives swimmers an edge over their rivals.

FSC PAPER MIX

AIR

COMFORTABLY LIGHT.

How goggles feel on your face can be a real game-changer for both fitness and competitive swimmers. Our Air goggles prioritize lightness and comfort with gaskets that reduce pressure on the eye socket and the pain caused by suction on sensitive areas. The special honeycomb texture of the Air Seals ensures they sit softly on the face but are also watertight. Moreover, all Air Bold goggles are equipped with the most advanced anti-fog technology: Swipe.

FSC PAPER MIX

THE ONE

DESIGNED TO FIT EVERYONE.

Made for fitness swimmers, the One goggles look cool on almost any face with their distinctive design. We studied facial anatomy to craft seals that better sit around the eye socket. The result is an amazingly watertight goggle that adapts to almost every face. It's no wonder The One is an arena bestseller. The "one fits all" concept has now been improved even more with the new entry of the family, The One Plus, which brings comfort and fit to a whole new level. The One Plus also features a new anti-fog technology that lasts 2x longer than a standard one.

FSC PAPER MIX

SPIDER

PRACTICAL AND COMPACT.

Spider goggles are the perfect choice for swimmers who want a practical and compact solution. Made for recreational and fitness swimming, their simplicity is what makes them so good. All Spider goggles have a silicone strap with a single clip for easy adjustment, even for kids. The self-adjusting nose bridge adapts intuitively to your facial structure.

FSC PAPER MIX

ARENA ESSENTIALS

ALL YOU NEED. SPEND LESS.

A collection of classic goggles with basic features, designed to deliver great value for money and guaranteed by the quality of the arena brand.

FSC PAPER MIX

CAPS FEATURES

WRINKLE FREE

3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

PVC FREE

No PVC (polyvinyl chloride) plastic has been used.

WATER REPELLENT

The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.

EXTRA COMFORT

The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

EASY TO WEAR

The design and the materials used in these caps make them especially easy to put on.

SUITED FOR LONG HAIR

The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

SMART CAP

Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.

CAPS

COMPETITIVE

Designed for competitive swimmers and approved by FINA, arena Racing caps are the benchmark for water drag reduction and high-level hydrodynamics.

FITNESS

High quality caps coming with a design language delivering bright colours, eye-catching graphics and innovative materials for who wants to stand out from the crowd or simple and geometric lines combined with essential materials for the sports purists.

005371 - AQUAFORCE WAVE CAP

The next level go-to-racing cap.

FEATURES

Wave structure design to reduce water drag profile by 27%.

Inner anti-slip design to prevent the cap from slipping off.

FOOTWEAR FEATURES

DRAINAGE HOLES

Holes are placed in the sandal's footbed to expel water, allowing the sandals to dry quickly and remain comfy.

MASSAGE EFFECT

The "picot" footbed stimulates the sole with its embossed design.

EASY TO WEAR

The construction and the materials used in these sandals make them especially easy to put on.

QUICK DRYING

The material doesn't absorb water and dries quickly.

ULTRA LIGHT

The use of EVA in soles makes the sandals extremely lightweight.

EXTRA CUSHIONING

Materials and construction of the footbed yields superior softness and cushioning.

FOOTWEAR

SANDALS

Hypoallergenic sandals that stands out from the crowd for their signature and essential lines are provided with the best materials.

POOL: designed for the pool, with distinctive features tailored for water management: drainage holes (letting water flow out of the insole to keep it dry).

LIVING: following and anticipating today's trends, they bring their sporty DNA into leisure environments.

WATERSHOES

Basic lines combined with highly quality materials deliver a classic style and a reliable performance.

003787 - NINA

Exclusive outsole layout and textured footbed offer extra support while the sophisticated upper design crafts a feminine look for your feet; very light and flexible, features drainage holes for fast drying.
