SUPPORTING NATIONAL FEDERATIONS AND TOP ATHLETES

Since 1973, arena has prioritized strong connections with the most important swimming and watersports federations around the world, providing support from the grassroots level to the Olympics and Paralympics.

National Federations play a critical and active role in the development of both amateur and elite watersports.

We share their goal to grow watersports, increasing inclusivity and diversity and using sport as a driver for social wellbeing. We share their commitment to make the water accessible for people to relax, train and compete.

At the heart of the arena brand are its athletes, who are both key collaborators in the product development cycle and important ambassadors for the brand, upholding its values and expressing its authenticity.

Since Mark Spitz first teamed up with Horst Dassler in 1973, arena's progression to the top of its field has been accomplished in partnership with world class swimmers. Their voices are not only emblematic of the brand's emphasis on quality, they're also an inspiration for many, from the amateur who goes to the pool to stay fit and lead a healthy lifestyle, to those that mount the Olympic podium, and importantly also the backroom staff who have helped craft and live the entity that arena has proudly become.

Following the outstanding performance of its legendary team and its continued success in international competitions, arena continues to capture the world's attention and generate excitement and anticipation for the next wave of swimming events.

CSR MANIFESTO

BUILDING A BETTER FUTURE TOGETHER

At arena we recognize that everything we do has an impact on the planet we live on, as well as its people.

We strive to help create a future that continues to allow everyone to enjoy swimming and water sports in a healthy environment.

That's why we're committed to having a positive impact on you, the environment and our communities, inspired by our passion for sports and life in and by the water, our most abundant natural element.

As a leader in the sports realm our commitment to 'responsibility' represents the conscious and effortful way in which we plan to measure our footprint and invest in our planet.

arena's products are designed to help and inspire people to be active and to move towards the best version of themselves by being healthier and connected to nature.

As part of that philosophy, quality and durability are key considerations in our design process in order to guarantee that our products are long-lasting and don't need to be replaced frequently, thus reducing waste.

We choose partners who share our values and, like us, invest in both the planet and its people.

We care about the well-being and rights of employees working in the manufacture of arena's products and are committed to being transparent about our partners and policies.

We support local communities and promote watersports through sponsorship and collaboration with national sports federations, sports teams, and international governing bodies.

We are an equal-opportunity employer and value diversity ensuring equal treatment for all our employees across the globe.

The arena brand was born in water, and for over 50 years has thrived in its element.

We've learned that to do so requires courage, responsibility, and action, and we remain resolute in our desire to give everyone the opportunity of living their deep connection with water: that feeling of freedom and peace, joy and profundity we all experience in and by the water.

RESPONSIBLE PRODUCTS

To design and manufacture all products in a progressively more environmentally conscious way is a key step in the commitment we have taken.

We are constantly working to develop more sustainable garments and accessories to reduce our environmental impact, while still guaranteeing the same distinctive performance, quality, protec-

tion, style, comfort and fit that sets arena apart.

We are working with sustainable fabrics made with recycled fibers pre and post consumer, with organic fibers and certified according to third-part international certifications.

Starting from SS22, season by season, we have steadily increased the number of styles with responsible features, such:

- Recycled fibers: Commitment to use third-party certified materials such as the Global Recycled

Standard for fabrics

- Organic cotton: Cotton grown using agricultural methods that do not use synthetic pesticides, chemical fertilizers, or other harmful chemicals.

- OEKO-TEX Made in Green certification: The certification focuses on product safety and sustainable manufacturing processes.

We proudly accept the challenge of ensuring excellent product performance while pursuing environmental and social sustainability.

ARENA DESIGN PILLARS

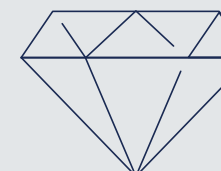

HIGH PERFORMANCE

Maximum comfort and performance are priorities in our swimwear. Our innovative materials and streamlined, athletic cuts focus on ease of movement and comfort for all body types, whether you are swimming laps or enjoying leisurely dips in the ocean.

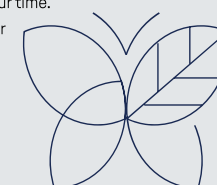

DURABILITY

Durable, multi-use products reduce environmental harm over long life cycles. We select high-quality, long-lasting materials and components so your swimsuit and other products withstand many seasons of swimming.

LOW ENVIRONMENTAL IMPACT

Choosing eco-friendly materials, and cutting waste and pollution, are vital for dealing with the environmental challenges of our time. Circular models are essential to our brand mission, with optimized production processes to minimise waste and environmental harm.

RESPONSIBLE SUPPLY CHAINS

Responsible, ethical supply chains that positively impact and inspire communities and protect resources for future generations through fair, sustainable practices for each individual product made.

RESPONSIBLE PACKAGING

All the elements necessary in the delivery of products to the consumer have an impact on the environment. To reduce this impact, we are using sustainable materials for our packaging (hangtags, pouches, polybags, boxes, etc.).

The FSC logo on our packaging ensures that it has been made in compliance with rigorous environmental, social and economic standards, which aim to protect the world's forests and ecosys-

tems that depend on them and respect local communities and the rights of workers.

This choice supports the mission of the Forest Stewardship Council®, an international NGO that has been promoting responsible forest management for over 25 years.

Following the approach taken in FW25 for swimwear pool and sportswear, starting from SS26, racing hangtags have also been reduced in size and simplified by consolidating two hangtags into one. This adjustment has led to significant raw material savings.

The mark of responsible forestry

HERO STYLES

	HERO STYLES BRAND DRIVERS are the arena must-have of the season; featured in major campaigns, both online and offline. No junior styles included.

INNER BRAS

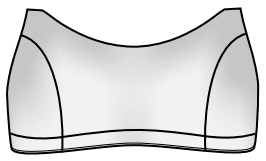

CLASSIC BRA

Bra with elastic underbust band, lined cups, and strategic cuts that enhance shape while providing natural support and comfort.

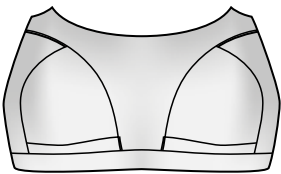

SEAMED BRA

Wire-free, with elastic mesh underbust and full lining. This bra gently lifts and separates while providing medium support.

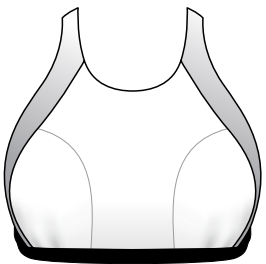

CLASSIC BRA WITH REMOVABLE CUPS

Designed for versatility, it features custom underbust elastic, removable molded cups, and full lining for adaptable fit and steady medium support.

CLASSIC BRA WITH FIXED CUPS

With custom underbust elastic, fixed molded cups, and all-over mesh, this bra delivers precise shaping and a smooth, supportive fit.

X-SUPPORT BRA

Crafted with branded underbust elastic, removable molded cups, inner power-mesh side panels, and full lining, this bra offers a secure fit and strong support, perfect for larger busts.

PRODUCT FEATURES LEGENDA

CUPS

The built-in cups are available in size B and C to fit every woman's needs, from enhancing the more petite chests to supporting the full-bust figure.

ADJUSTABLE STRAPS

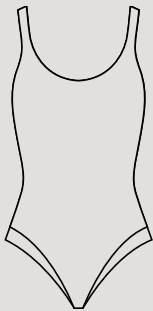

Straps you can adjust with practical slides, because every woman is unique.and back.

POWER MESH TECHNOLOGY

A lightweight mesh insert that smooths out the waist and streamlines the silhouette without affecting breathability.

EXTRA LOWER BODY SUPPORT

Improved support of the lower area obtained with a double layer of fabric, strategically placed to ensure optimal comfort.

- Maximum resistance to chlorine.
- 100% POLYESTER made with minimum 50% recycled polyester.
- Obtained from PET Bottles.
- Enhanced power retention.
- 50+ UV protection.

PRODUCTS BENEFITS

The advanced single piece design used in the new ONE training suit makes the swimmer feel at one with the water delivering the following benefits:

FREEDOM OF MOVEMENT

The absence of side seams produces even stretch throughout the suit for a supremely comfortable fit that feels like a second skin, giving the swimmer the sensation of no constraints in the water.

LIGHTNESS

The suit's one-piece construction reduces overall water absorption, thus creating less drag and making the swimmer feel lighter in the water.

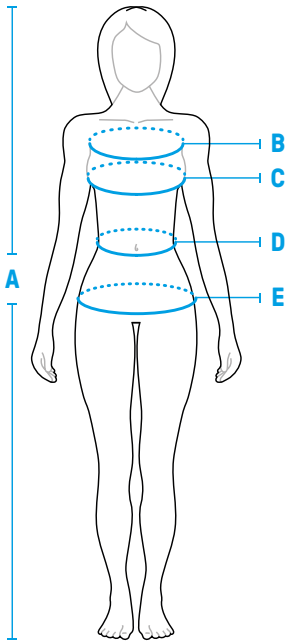

EXTREME DURABILITY

The lack of side seams dramatically reduces stress on the suit.

WOMAN ARENA ONE

Athletic swimsuits with a cutting-edge, elegant design and long-lasting fabrics, that stand out wherever you swim.

APPENDIX: SUPPORT SWIMWEAR

The complete selection of swimwear styles with support.

ACTIVE SUPPORT

Styles designed to provide bust support and stability during movement.

FEATURES

- **CLASSIC INNER BRA WITH REMOVABLE CUPS**
All the support of the classic inner bra with the added versatility of the removable cups.
- **ADJUSTABLE STRAPS**
Made with practical slides to ensure comfort and a perfect fit.
- **STRUCTURED BUST SUPPORT**
Strategic seams designed to enhance fit and targeted support.

SHAPING SUPPORT

Swimsuits that combine support and shaping, perfect for those who want feel beauty without compromise.

FEATURES

- **INNER BRA**
The built-in inner bras are available in cup sizes B and C to fit every woman's needs, from enhancing the more petite chests to supporting the full-bust figure.
- **ADJUSTABLE STRAPS**
Straps you can adjust with practical slides, because every woman is unique and back.
- **POWER MESH TECHNOLOGY**
A lightweight mesh insert that smooths out the waist and streamlines the silhouette without affecting breathability.
- **EXTRA LOWER BODY SUPPORT**
Improved support of the lower area obtained with a double layer of fabric, strategically placed to ensure optimal comfort.
- **SHAPING FABRIC**
Made with Italian Sensitive® Fabrics, this material offers exceptional elasticity, shaping, and support.

A man and a woman are standing on a wooden deck next to a large outdoor swimming pool. The woman is wearing a white long-sleeved swim top with pink trim and a pink bikini bottom. The man is wearing a teal short-sleeved swim shirt and teal swim shorts. They are both looking towards the right. The pool has blue water and lane lines. In the background, there are trees and a clear sky.

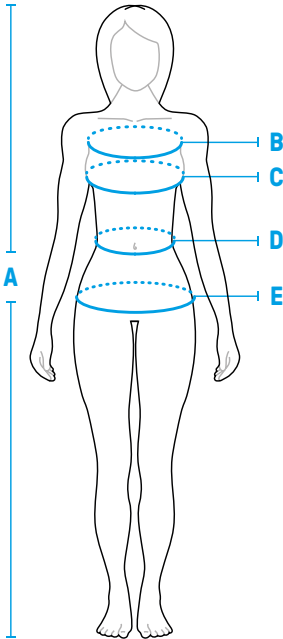

SUN PROTECTION

FABRICS

arena is constantly striving to increase use of recycled polyester; more sustainable options made from pre-consumer materials and post-consumer waste such as plastic (PET) bottles and produced adopting a circular economy approach that helps save energy.

- 90% recycled polyester + 10% elastane.
 - 50+ UV protection.
 - Long-lasting, lightweight and comfortable.
 - Chlorine-resistant.
-
- 82% recycled polyester + 18% elastane.
 - 50+ UV protection
 - Flexible and easy to wear, for the best fit and freedom of movement.
 - Long-lasting, lightweight and comfortable.

EQUIPMENT

Everything swimmers need in and by the water, to get the best of their water experience.

GOGGLES FEATURES

All arena goggles have UV protection and adapt perfectly to most facial profiles, avoiding any water leakage. A perfect fit also allows no humidity, protecting the lenses from fog.

Tested for compliance with internationally recognized ISO 18527-3:2020 standards, these swimming goggles ensure safety and performance through safe materials, impact-tested construction, optical clarity and a minimized risk of water leakage. All arena goggles have UV protection and adapt perfectly to most facial profiles. A perfect fit also allows no humidity, protecting the lenses from fog.

1 LENS

- HARD**
High-performance lenses made from polycarbonate, which is durable and impact-resistant with superior optical clarity.
- MIRRORED**
Extra shading against light for outdoor swimming, frequent use in well-lit pools and in competitions.
- SUPER ANTI FOG**
The most advanced coating treatment. Lasts longer, thanks to an invisible layer that washes away vapor generated from sweat, moisture and water.
- SWIPE ANTI FOG**
Revolutionary anti-fog protection that lasts 10 times longer and can be re-activated by swiping the lenses with your fingers.

ENS TINTS

CLEAR MEDIUM DARK

- CLEAR:** These goggles with clear lenses are ideal for low-light environments and for those who prefer maximum brightness while swimming.
- MEDIUM:** These goggles with medium-dark lenses are suitable for all uses and variable or intermediate light levels.
- DARK:** These goggles with dark lenses are good for swimming in brightly lit environments or for those who prefer maximum light shielding.

2 SEALS

- SOFT SILICONE**
Seals made of hypoallergenic silicone for great softness, resilience, and comfort.
- JAPANESE RUBBER**
Soft TPR layer moulded over the lens on goggles without gaskets.
- LIQUID CORE TECHNOLOGY**
Liquid silicone offers the ultimate goggle comfort, fit, durability and elasticity.
- AIR SEALS**
Adaptive cushioning that are designed to compress and distribute the pressure only where needed, delivering a super light feeling.
- CLOUDFLEX**
Brand-new cushioning system that comes as a bolder and more advanced solution to deliver top-notch flexibility, ergonomics and effective stress distribution. Now available for the new Air Sonic.

4 STRAP

- SINGLE**
Simple, intuitive strap for classic comfort.
- DUAL**
Facilitates optimum fit through ability to apply tension on different areas of the head.
- SPLIT**
Combines simplicity and flexibility for a snug, comfortable fit.

3 NOSE BRIDGE

- INTERCHANGEABLE**
Three options available, with 3, 4, or 5 different levels for a custom fit and best possible comfort.
- SELF ADJUSTING**
Adaptable nose bridge that conforms to the shape of the face while wearing it.
- ADJUSTABLE**
Nose bridge that can be regulated on two different levels according to individual need.
- HIGH**
Located higher up on the frame to provide additional room for the nose or accommodate those with atypical facial profiles.

5 FIT

- SMALL**
Different density on frame and seal materials offer superior fit and comfort.
- MEDIUM**
Seals made of hypoallergenic silicone for maximum softness, resilience, and comfort.
- LARGE**
Soft TPR layer moulded over the lens on goggles without gaskets.

GOGGLES

COMPETITIVE
Designed for competitive swimmers and approved by FINA, arena Racing goggles combine innovative materials and a hydrodynamic profile that reduces drag and enhances vision, while delivering comfort and durability.

FITNESS
arena goggles are designed to protect your eyes, ensure the best visibility and deliver maximum comfort in the water, as if you were looking with your own eyes.

CONSUMER TARGET

TRIATHLETES

As triathletes prioritize protection from hits and wide vision, some goggles are more adapt than others for triathlon. Both goggles for competitive and fitness swimmers can meet triathletes needs nevertheless.

UNISEX ADULT

Goggles designed for all adults, thanks to their adaptable fit.

WOMAN

Goggles specifically tailored for ladies, providing a smaller fit, feminine colours and a more gentle touch on the skin.

JUNIOR

Goggles tailored for 6-12 year old swimmers, provided with a gasket design that suits smaller eye-sockets.

KIDS

Goggles suited for 2-5 year old swimmers, prioritizing safety, ease of use and comfort.

BEST TECHNOLOGY.
HIGHEST PERFORMANCE.

Cobra goggles are the most advanced performance goggles for competitive swimmers on the market. The family is now enriched by the new Cobra Edge: superior hydrodynamic design, unprecedented side and upward vision, increased eyelash space and improved nose bridge and gasket fit for a better comfort: the state-of-the-art goggle, equipped with Cobra family's unparalleled anti-fog technology: Swipe. Also in the family: Cobra Ultra, with its sleek hydrodynamic construction and Cobra Core, mostly known for their comfort, both share frame-integrated lenses, reducing drag to the extreme. At the same time, both Cobra Ultra and Cobra Original present an ingenious extended frame for extra stability when on. Besides, Cobra goggles are enviously cool: their aggressive look gives swimmers an edge over their rivals.

COMFORTABLY
LIGHT.

How goggles feel can be a game-changer for both fitness and competitive swimmers. Our Air goggles prioritize lightness and comfort with gaskets that reduce pressure and suction pain. The special honeycomb texture of the Air Seals ensures a soft yet watertight fit. Moreover, all Air Bold goggles are equipped with the most advanced anti-fog technology: Swipe. Now, the new Air Sonic takes comfort to the next level with CloudFlex technology, offering greater stability and a more ergonomic design that flexes to adapt seamlessly to the face for a secure yet ultra-light fit.

DESIGNED TO FIT
EVERYONE.

Made for fitness swimmers, the One goggles are designed to fit every type of face with their distinctive design. We studied facial anatomy to craft seals that better sit around the eye socket. The result is a goggle that ensures a perfect fit and excellent comfort. It's no wonder The One is an arena bestseller. The "one fits all" concept has now been improved even more with the new entry of the family, The One Plus, which brings comfort and fit to a whole new level. The One Plus also features a new anti-fog technology that lasts 2.5x longer than a standard one. Now available in a polarized version for enhanced vision and reduced glare in bright environments.

PRACTICAL
AND COMPACT.

Spider goggles are the perfect choice for swimmers who want a practical and compact solution. Made for recreational and fitness swimming, their simplicity is what makes them so good. All Spider goggles have a silicone strap with a single clip for easy adjustment, even for kids. The self-adjusting nose bridge adapts intuitively to your facial structure.

ALL YOU NEED.
SPEND LESS.

A collection of classic goggles with basic features, designed to deliver great value for money and guaranteed by the quality of the arena brand.

006870 - COBRA EDGE SWIPE MIRROR

Unprecedented mix of technology, fit and visibility for the ultimate arena racing goggles; fitted with Swipe anti-fog technology. Features mirrored lenses.

CAPS

COMPETITIVE
Designed for competitive swimmers and approved by FINA, arena Racing caps are the benchmark for water drag reduction and high-level hydrodynamics.

FITNESS
High quality caps coming with a design language delivering bright colours, eye-catching graphics and innovative materials for who wants to stand out from the crowd or simple and geometric lines combined with essential materials for the sports purists.

CAPS FEATURES

- WRINKLE FREE**
3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

PVC FREE
No PVC (polyvinyl chloride) plastic has been used.

WATER REPELLENT
The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.
- EXTRA COMFORT**
The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

EASY TO WEAR
The design and the materials used in these caps make them especially easy to put on.

SUITED FOR LONG HAIR
The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

SMART CAP
Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.

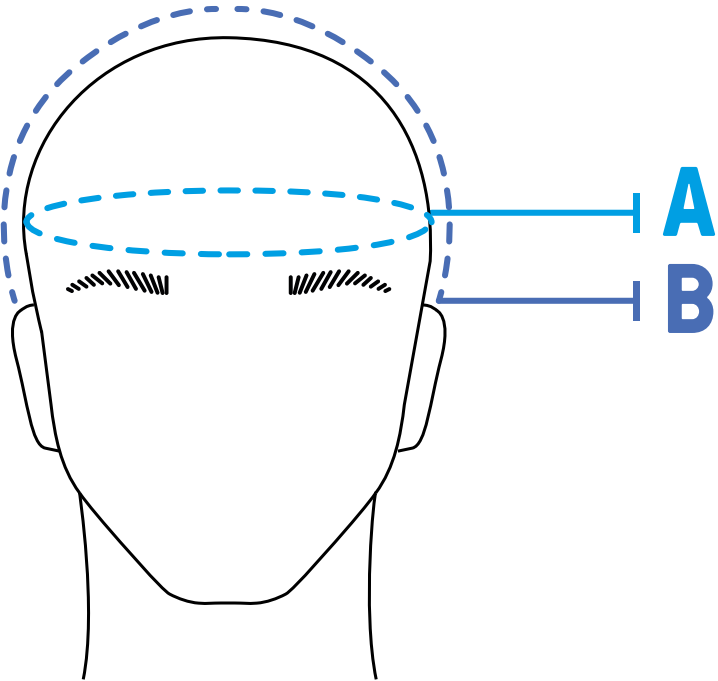

CAPS SIZE CHART

A CIRCUMFERENCE OF THE HEAD

Measure around the widest part of the head, just above the eyebrow.

B EAR-TO-EAR

Measure your head from the top of one ear, over the crown, to the top of the other ear.

FOOTWEAR

SANDALS

Hypoallergenic sandals that stands out from the crowd for their signature and essential lines are provided with the best materials.

POOL: designed for the pool, with distinctive features tailored for water management: drainage holes (letting water flow out of the insole to keep it dry).

LIVING: following and anticipating today's trends, they bring their sporty DNA into leisure environments.

WATERSHOES

Basic lines combined with highly quality materials deliver a classic style and a reliable performance.

FOOTWEAR FEATURES

- DRAINAGE HOLES**
Holes are placed in the sandal's footbed to expel water, allowing the sandals to dry quickly and remain comfy.

MASSAGE EFFECT
The "picot" footbed stimulates the sole with its embossed design.
- EASY TO WEAR**
The construction and the materials used in these sandals make them especially easy to put on.

QUICK DRYING
The material doesn't absorb water and dries quickly.
- ULTRA LIGHT**
The use of EVA in soles makes the sandals extremely lightweight.

EXTRA CUSHIONING
Materials and construction of the footbed yields superior softness and cushioning.
